

BOBBY JINDAL
GOVERNOR

State of Louisiana
DEPARTMENT OF NATURAL RESOURCES
OFFICE OF CONSERVATION

STEPHEN CHUSTZ
SECRETARY
JAMES H. WELSH
COMMISSIONER OF CONSERVATION

MEMORANDUM

To: Purchasers of E&P Waste Shipping Control Ticket, Form UIC 28 – Manifests

From: James H. Welsh
Commissioner of Conservation 

Date: October 17, 2014

Subject: **Second and Final Notice of Cancellation of Services for Ordering/Purchasing Manifests**

LAC 43:XIX.545 requires all generators of E&P Waste to properly complete an E&P Waste Shipping Control Ticket, Form UIC 28 (Manifest) for each shipment of E&P Waste generated in Louisiana transported for disposal at an in-state or out-of-state approved disposal facility and for each shipment generated offshore or out-of-state transported to an approved Louisiana disposal facility.

As previously informed by Office of Conservation (OC) Memorandum dated September 17, 2014, the Division of Administration (DOA) is no longer providing Manifest storage and distribution services at their Baton Rouge warehouse. As a result, OC / DOA is no longer providing Manifests for purchase and distribution. Since all remaining DOA Manifest stock has been depleted, OC is no longer accepting Manifest orders.

Generators may purchase these forms directly from a printing company of their choice. Please note that all manifests used for the shipment of E&P Waste must be created and printed in a manner that maintains full compliance with all applicable regulatory conditions detailed in LAC 43:XIX.545. Failure to use an E&P Waste Manifest meeting the above requirements may subject waste generators to enforcement actions including but not limited to civil penalties as deemed necessary.

Office of Conservation staff stand ready to assist you with any clarification or guidance on Manifest System requirements and Manifest printing as you explore your printing options. For further assistance, please contact Daryl Williams at 225-342-7286 or by email at daryl.williams@la.gov.
